- Smart Object Infrared Technology

# Auto Flusher Clamp - Touch-Free Flushing System For Toilets/Urinals

The AutoFlusher Clamp is the ultimate in performance and simplicity, ensuring that urinals and toilets are always flushed and presentable. Installation takes only one minute and there is no need to shut off the water. The AutoFlusher Clamp promotes good hygiene by eliminating potential points of cross-contamination, while preventing odors by ensuring that fixtures are flushed after every use.

Low Battery Indicator with Audio Tone Option  
Merely change batteries every 3 plus years or 60,000 flushes.

- Programmable Features**
- Daily flush option prevents sewer gas build up
  - Audio tone option indicates low batteries
  - Adjustable sensor range

User-in-view Indicator

**Smart Object Infrared Technology**  
The angled lens design combined with sophisticated sensor technology guarantees activation even with the toilet seat is raised.

**SIMPLY**  
Slides Over Handle

1 Fits over existing handle

2 Tighten two screws

3 Insert 4 "C" Alkaline Batteries

**Easy One Minute Installation**  
Easy 1, 2, 3 Installation.  
No water shut-off is required to convert your washroom to a higher standard of hygiene.

AutoFlusher Clamp (Installation tools and 4 "C" Cell Alkaline Batteries are included.)
