■■■ **Limited Warranty.** Congratulations on the purchase of a Franke product. Franke is one of the world's largest manufacturers of kitchen systems worldwide. Our products are manufactured using the highest degree of technology, quality and design. As a result, we are proud to offer the following warranty.

■■■ Franke, Inc., Kitchen Systems Division, warrants the quality of its faucets to be free from manufacturing defects for a period of five (5) years from the date of purchase.

The flexible hose is warranted for two (2) years from the date of purchase.

■■■ This warranty applies only to the original owner, providing the product as been installed in accordance with our installation instructions, used as recommended and in a normal residential application. In the event of a warranty claim, the owner will be required to provide proof of purchase. This warranty covers all components which make the product operational. Franke, at its option, may repair or replace the product or components necessary to restore the product to good working condition. Franke reserves the right to inspect the installation prior to the actual replacement of the product or component part.

■■■ **Design.** These faucets are available in chrome and a selection of epoxy colors to match Franke sink accessories. The elegant rising spout has a high clearance from sinktop level giving plenty of room to fill or wash pots. This clearance is particularly important with accessorized sinks where the accessories bring the bowl to countertop level when in use.

■■■ **Care of finish.** These faucets have been carefully manufactured. The chrome or colored surfaces will maintain their appearance for a long time, provided they are cleaned using a soft cloth, water and soap. NEVER use an abrasive cleanser (liquid or powder) or any scouring pad on this faucet.
