

HydroGuard®

Series PB410

Series PB410

Heavy Duty Pressure Balancing Protection

- Proven reliable diaphragm-and-poppet cartridge design won't stick, seize or corrode due to harsh water conditions
- Rugged commercial grade four-port bronze casting with brass bonnet and metal-to-metal, temperature limit stop
- Integral check stops for easy access and maintenance
- Compact design fits into as little as 2" wall depth
- Back-to-back installation without costly cross-over piping
- ASSE 1016 listed and CSA B125 certified
- Won't stick or seize due to harsh water conditions
- Self-contained cartridge installs in minutes to simplify maintenance

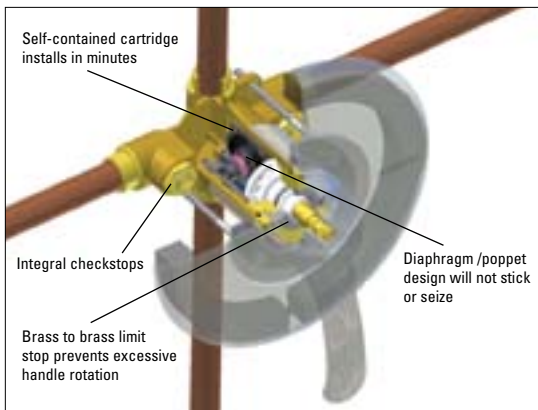

Serving hotel, healthcare, education, commercial and residential markets since 1891.

POWERS™

Powers offers you complete shower systems...

- Ideal for demanding applications like health clubs, schools, and hotels
- Back-to-back installation without costly crossover piping by simply rotating the stem 180° and re-labeling the ports
- Optional HT115 valve easily threads into showerhead assembly for added protection against scalding
- Hundreds of Configurations
